

# Problem Statement

## Lack of cleanliness at Tech Park Canteen during Rush hour

- **Who** : This concerns the students and teachers who don't get a seat there due the tables being dirty, and the staff who are unable to clean it in time due the large number of people using the Canteen during rush hour.
- **What** : There is a lack of cleanliness at Tech Park Canteen
- **Why** : It is due to it being the only common area that allows students and teachers to have their food in Tech Park.
- **When** : The users will use our solution during rush-hour, which is typically from 11am-1pm.
- **Where** : The users will use this product at the tables present in the canteen.
- **How** : Our solution will clean the tables present in the canteen when it gets dirty.
